

## Exciting times ahead for Synchro Limited

Catapult Venture Managers Limited has led a £1.2m investment into Synchro Limited, designers and developers of a unique software package for the construction industry. The transaction process ran very smoothly and took just 31 days to complete.

Synchro Limited, which is based at Coventry University Technology Design Centre, will use the cash injection as working capital and to fund an energetic sales and marketing push to create significant sales traction in the UK - then utilise that success as the 'launching-pad' into the lucrative US market.

**Catapult provides equity capital of between £200k and £2m for growing businesses.**
